

## Pre-Courses (1- and 2-day courses)

- P1 Diabetes for the Internist **A**
- P2 Perioperative Medicine 2019
- P3 Advances in Therapy
- P4 Cardiology for the Internist 2019: "The Key Points"
- P5 The Hospitalist: A Day in the Life **H**
- P6 Practical Office Orthopedics and Sports Medicine for the Internist **A**
- P7 Critical Care Medicine 2019 **H**

Individual Pre-Courses can be purchased online at [playbackacp.com](http://playbackacp.com)

## Ambulatory Medicine

- 101 Innovations in Behavioral Modification: Nudging Your Way to Better Care
- 102 Update in Ambulatory General Internal Medicine **15 75 A**

## Cardiology

- 103 Challenges in Heart Failure: Diagnosis and Management **75**
- 104 Evaluation and Treatment of Supraventricular Arrhythmias: Feel the Beat **75**
- 105 Making Sense of Chest Pain **75**
- 106 High-Value Risk Stratification in the Noncardiac Patient: Preventive Cardiology **A**
- 107 Stable Ischemic Heart Disease **75 A**
- 108 Stress Testing: Choosing the Right Test for the Right Patient at the Right Time **75**
- 109 Valvular Heart Disease **75**
- 110 Vascular Disease from Head to Toe
- 111 Update in Cardiology **75 15**

## Career Development and Professional Satisfaction

- 112 Presentation Skills for Physicians: Making Your Next Teaching Presentation Go Better than Your Last

- 113 Beyond Surviving in Medicine: Strategies to Thrive, Be Well, and Find Joy in Practice
- 114 Basics of Contract Negotiation: What All Internists Need to Know
- 115 Understanding Basics of Personal Financial Management
- 116 The Role of a Trusted Credential in an Increasingly Untrusting World
- 117 Understanding Clinical Research: How to Be a Better-Informed Consumer of the Medical Literature
- 118 I Can't Get No Satisfaction: Increasing Individual Well-Being and Professional Fulfillment
- 119 Navigating the Transition from Work to Retirement: Challenges and Opportunities for Late Career Internists
- 120 Physician Competency and Aging
- 121 Leadership Styles

## Clinical Pearls

- 122 Clinical Pearls: Cardiology and Pulmonary Medicine
- 123 Clinical Pearls: Infectious Diseases and Oncology
- 124 Clinical Pearls: Neurology and Gastroenterology

## Clinical Pharmacology

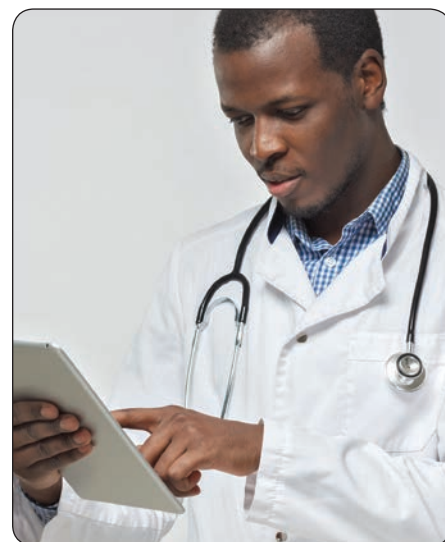

- 125 Medical Marijuana: Use and Management Update **75**
- 126 New FDA-Approved Medications That You Need to Know About
- 127 The Opioid Epidemic and the Role of the Internist **75**
- 128 Top 10 Medication Errors

## Dermatology

- 129 Approach to Wound Care for the Internist **75 A**

## Early Career Physicians, Residents/ Fellows

- 130 Media in Health Care: Podcasts, Social Media, and Beyond

- 131 Well-Being for the Physician-in-Training: Addressing Burnout and Resiliency

## Endocrinology

- 132 Adrenal Disorders: What's New? **75**
- 133 Diabetes Care with Oral and Other Noninsulin Agents: What You Need to Know **A**
- 134 Hypogonadism: Sorting through the Controversies **75 A**
- 135 Osteoporosis High-Value Care **75 A**
- 136 Thyroid Emergencies: What to Do on the Front Lines **75**
- 137 Update in Endocrinology **75 15**

## Ethics and Health Policy

- 138 Ethical Challenges Role Play: EHRs in the Service of the Patient
- 139 Ethics and Racial and Ethnic Disparities in End-of-Life Care
- 140 Ethics, Deprofessionalization, and Physician Well-Being: "Re-Enchanting" Medicine

## Legend

- 15** CME 15 Update Package
- 75** CME 75 Package
- A** Ambulatory Medicine Package
- H** Hospital Medicine Package

- 141 60 Minutes: Special Report on Hot Issues in Health Policy
- 142 Improving Individual and Community Health by Addressing Social Determinants of Health
- 143 Public Policy and the Opioid Epidemic

## Gastroenterology and Hepatology

- 144 Clinical Triad: Upper Gastrointestinal Tract
- 145 Colon Cancer Screening: What's New? **75** **A**
- 146 Inflammatory Bowel Disease **75**
- 147 Irritable Bowel Syndrome: New Hope for an Old Problem **75** **A**
- 148 NAFLD/NASH: Liver Lessons We All Need to Learn **75**
- 149 Obesity Management: Pharmacologic, Surgical, and Postsurgical **75**
- 150 Pancreas Problems: Unraveling the Mysteries **75**
- 151 Update in Gastroenterology and Hepatology **75** **15**

## Geriatric Medicine

- 152 Advanced Dementia Management: Challenges and Dilemmas **75**

- 153 Dementia, Incontinence, and Falls: High-Value Care in the Older Adult **A**
- 154 Medication Management in the Older Adult: To Escalate or Deescalate? **75**
- 155 Office-Based Assessment of the Older Adult: Keep Mom Moving **A**
- 156 Update in Geriatric Medicine **75** **15**

## Health Information Technology

- 157 EHR's Bigger Picture: Population Health and Patient Management
- 158 Health IT within MIPS: Advancing Care Information
- 159 Hot Topics in Medical Informatics: Technology Trends that Are Reshaping Medicine
- 160 Innovations in EHR Education
- 161 Telling the Patient's Story in the EHR World

## Hematology

- 162 Anticoagulation **75**
- 163 Blood Disorders: A High-Value Care Approach **75**
- 164 From Myelodysplastic Syndrome to Myeloproliferation: The Mystery of the Marrow **A**
- 165 Who Really Needs a Work-up for Hereditary Thrombophilia? **75**
- 166 Update in Hematology **75** **15**

## Hospital Medicine

- 167 Acute Coronary Syndrome Management: When the Clock Is Ticking on the Ticker **75** **H**
- 168 Allergic Reactions: Urgent and Emergent Hospital Management **75** **H**
- 169 Antibiotics Made Ridiculously Simple (...or at Least a Heck of a Lot Easier!) **H**
- 170 Carpe Diem: Managing the Inpatient with Seizures **75** **H**

- 171 COPD and Asthma Exacerbations: Best Evidence and Best Practice **H**
- 172 Curbside Consultations in Infectious Diseases **H**
- 173 Deciphering Acid-Base Management **75** **H**
- 174 Delirium Evaluation and Management in the Hospital **75** **H**
- 175 Encephalitis and Meningitis: Identification and Management **75** **H**
- 176 Handoffs: Improving Patient Care Transitions within the Hospital **H**
- 177 Hematologic Emergencies **H**
- 178 Hepato-Anxiety: Treating Acute Liver Failure and Decompensated Chronic Liver Failure **75** **H**
- 179 Hospital and Critical Care Radiology that You Should Not Miss When the Radiologist Isn't Available **H**
- 180 Hypertension Management of the Inpatient: When High Isn't a Good Thing **75** **H**
- 181 Initial Ventilator Management and Troubleshooting Ventilator Challenges **75** **H**
- 182 Inpatient Diabetes Management: Show Me Some Sugar! **H**
- 183 Inpatient Heart Failure Management: Beyond the Basics **75** **H**
- 184 Inpatient Pain Management in the Era of the Opioid Epidemic **H**

## Legend

- 15** CME 15 Update Package
- 75** CME 75 Package
- A** Ambulatory Medicine Package
- H** Hospital Medicine Package

- 185 Inpatient Sickle Cell Disease Care: Managing Our Inpatients to Keep Them Outpatients **75** **H**
- 186 Minimizing Medical-Legal Risk and Maintaining Inpatient Care Quality: Cases from the Trenches **H**
- 187 Noninvasive Ventilation and High-Flow Nasal Oxygen Therapy: Practical Evidence-Based Strategies **H**
- 188 Palliative Care in the Noncancer Inpatient **75** **H**
- 189 Pancreatitis: Acute and Chronic Management **75** **H**
- 190 Perioperative Cardiac Evaluation **H**
- 191 Practical Electrolyte Management: Sodium, Potassium, Phosphorus, and More **H**
- 192 Pulmonary Hypertension: The Needle or the Haystack in Dyspnea Admissions **75** **H**
- 193 Quality Improvement for the Practicing Hospitalist **H**
- 194 Shock and Sepsis Management to Save Lives **H**
- 195 Stroke and TIA: Inpatient Evaluation and Management **75** **H**
- 196 Syncope Management: The Three “Es” of Care (Effective, Efficient, and Economical) **H**
- 197 Top 5 High-Value Care Topics in Inpatient Medicine: Things We Do for No Reason **H**
- 198 Perioperative Controversies **H**
- 199 Care of the Pregnant Patient **H**
- 200 VTE Challenges: A Case-Based Panel Discussion **H**
- 201 Update in Hospital Medicine **75** **15** **H**
- Infectious Diseases**
- 202 HIV: Long-Term Complications, Preexposure Prophylaxis, and Postexposure Prophylaxis **75** **A**
- 203 Review of New Community-Acquired Pneumonia Guidelines **75**
- 204 Skin and Soft Tissue Infections **75**
- 205 Vector-Borne Diseases at Home and Abroad **75**
- 206 Update in Infectious Diseases **75** **15**
- Medical Students**
- 207 Mastering the Match
- Multiple Small Feedings of the Mind**
- 208 Multiple Small Feedings of the Mind: Endocrinology, Infectious Diseases, and Pain Management **15**
- 209 Multiple Small Feedings of the Mind: Neurology, General Internal Medicine, and Nutrition & Exercise **15**
- 210 Multiple Small Feedings of the Mind: Cardiology, Women’s Health, and Hematology & Oncology **15**
- Nephrology and Hypertension**
- 211 A Case-Based Approach to Acute Kidney Injury **75**
- 212 Case-Based Outpatient Management of the Hypertensive Patient **A**
- 213 Diagnosis and Management of Kidney Stones **75**
- 214 Helping Your Patients with Chronic Kidney Disease **75**
- 215 Update in Nephrology and Hypertension **75** **15**
- Neurology**
- 216 Common Neurologic Conundrums for the Internist: Peripheral Neuropathy, Tremors, and Vertigo **75** **A**
- 217 What Internists Need to Know about Diagnosing and Managing Headaches: Taking the “Ache” Out of Headache **75**
- Oncology**
- 218 Clinical Triad: Lung Cancer Screening: Is It Ready for Prime Time? **A**
- 219 Cancer Survivorship Care in the Era of Team-Based Medicine **A**
- 220 Current Controversies in Breast Cancer: Risk Assessment, Screening, and Survivorship
- 221 Palliative Care: Optimal Use in the Current World of Oncology **A**
- 222 Prostate Cancer: What’s New in Diagnosis and Treatment?
- 223 Update in Oncology **75** **15**
- Ophthalmology and Otolaryngology**
- 224 Common ENT Conditions for the Internist **75** **A**
- Practice Management**
- 225 C. Wesley Eisele Lecture: Practice Transformation Using the Chronic Care Model
- 227 Outpatient Coding: Do It Right and Get Paid for What You Do
- 228 Patient Priority Care: Best Practices on How to Implement in Your Practice
- 229 Hot Topics for Clinicians: Maximizing Value with Data-Driven, Patient-Centered Referrals
- 230 Practical Strategies for Increasing Adult Immunization While Improving Equity, Efficiency, and Reimbursement
- 231 Quality Payment Program 101: Making the Most Out of MACRA
- 232 Quality Payment Program Advanced: Understanding and Improving Performance
- 233 The Top 10 Practice Transformation Lessons from the Transforming Clinical Practice Initiative

# Scientific Program Recordings

## Psychiatry and Substance Use Disorders

- 234 Nicholas E. Davies Memorial Award Lecture: Covert Consciousness and Civil Rights: The Neuroethics of Severe Brain Injury
- 235 Management of Depression and Anxiety for the Internist: How Not to Have a Panic Attack **A**

## Pulmonary Diseases and Critical Care

- 236 A Modern Approach to Tobacco Dependence **75 A**
- 237 COPD: What's New for Inpatient and Outpatient Care? **75 H**
- 238 Interstitial Lung Disease: What the Internist Needs to Know **75**
- 239 Obstructive Sleep Apnea: What's New for the Internist? **75 A**
- 240 Update in Critical Care Medicine **75 15**
- 241 Update in Pulmonary Medicine **75 15**

## Quality and Patient Safety

- 242 Improving Care for High Health Care Utilizers: Tailoring Care to the Complex Patient
- 243 Medical Errors and How to Grow from Them
- 244 Transitions of Care: A Joint Session of the ACP and the European Federation of Internal Medicine

## Rheumatology and Allergy & Immunology

- 245 Clinical Triad: Rheumatology: Early Diagnoses You Don't Want to Miss **A**
- 246 Back Pain: Get Your Patient Back in the Game **75 A**
- 247 Best Foot Forward: Common Foot and Ankle Complaints That Stumble into the Office **75 A**

- 248 Commonly Missed Diagnoses in Allergy and Immunology **75 A**
- 249 Drug Allergies: Predicting, Desensitizing, and Managing Them **75**
- 250 Hand Pain: A Common Problem with Many Causes **75 A**
- 251 Management of Patients with Gout **75 A**
- 252 Practical Office Orthopedics for the Primary Care Physician: Knee and Shoulder
- 253 Rheumatoid Arthritis and Systemic Lupus Erythematosus: What the Internist Needs to Know and Do about Preventive Care **A**

## Women's Health

- 255 Clinical Triad: Sexual, Genital, and Urinary Health in Women **A**
- 256 Cardiovascular Disease in Women
- 257 Cervical Cancer Screening and HPV Update for the Internist **A**
- 258 Contraception **75 A**
- 259 Individualized Menopause Management in 2019 **75 A**
- 260 Update in Women's Health **75**

## Additional Topics

- 261 Clinical Triad: Hematuria, Erectile Dysfunction, and Supplemental Testosterone **A**
- 262 Internal Medicine Meeting 2019 Highlights: Key Messages You'll Want to Take Home and Doctors' Dilemma®: The Finals
- 263 Nutrition and Diet for the Internist: 10 Things You Need to Know So You Can Teach Your Patients **A**
- 264 Busting Medical Myths: When Dogma Is for the Dogs
- 265 Genetics: What the Internist Needs to Know **A**

- 267 How to Handle an In-Flight Medical Event: Is There a Doctor on Board? **75**
- 268 Integrating East/West Medicine into Your Practice
- 269 The "Not Lost" Art of the Physical Diagnosis: An Evidence-Based Approach
- 270 Thieves' Market
- 271 Dr. Ananda Prasad Lecture in Physiology: The Adverse Physiologic Effects of Sleep Loss
- 272 Consult Talk
- 273 *Annals of Internal Medicine*: Recent Articles that Should Influence Practice
- 274 News You Can Use: Current Guidelines in Breast Cancer Screening, Depression, Hematuria, and Pelvic Exam
- 275 The Aging Planet: Impact upon Health and Health Care Delivery
- 276 Challenges in the Medical Care of Immigrants
- 277 Practical Tips to Help You Care for Refugees
